

## NOVEL ELECTION BILL FAVORED BY INDEPENDENTS

Would Give the Governor and  
Mayor Renomination by  
Virtue of Office.

IN SEPARATE COLUMN.

Lawyer Leary, Father of Idea,  
Talks It Over With  
Politicians.

Gov. Hughes is determined not only to create a direct nomination law, but will, it is reported in Republican circles to-day, advocate a radical and most interesting change in the election laws themselves. An amendment doing away with the necessity of a re-nomination of any man holding the office of Mayor or Governor hereafter in order to put him forward for re-election, is now proposed.

The proposition is to amend the election law so that the Governor of the State and Mayor of New York shall, by reason of their office, have a separate column for re-election on the ballot, thus giving the citizens an opportunity to express approval or disapproval of their conduct of the office. It is claimed that such a law will enable a Governor or Mayor to be more independent, and free them from the influence of party leaders.

Leary Originated Idea.  
Lawyer John Leary, of the Singer building, who is conducting the taxpayers suit to test the constitutionality of the Public Service Commission law, is the originator of the new idea, and he has talked over the proposition with Gov. Hughes and certain influential members of the Republican organization, many of whom have expressed their approval of the plan.

The possibilities of such a plan if made a law are very interesting. It would practically amount to a re-nomination of Mayor McClellan this coming fall whether or not Tammany wanted him. It would also mean that Gov. Hughes would run again for re-election.

Mr. Leary has drafted a bill along the lines of his idea, and it is to be submitted to the Legislature when finally approved by those most interested. It is suggested that if the plan meets approval it may be made to apply to all important elective State offices, such as Secretary of State, Attorney-General, Comptroller and Judges of the Court of Appeals and Supreme Court, thus going a long way to enable incumbents to pursue a course of conduct wholly independent of the politicians.

Provisions of the Bill.  
Chairman Collin H. Woodward, of the Committee of Fifteen appointed by County Chairman Herbert Parsons to investigate and report on the proposed change in the primaries law, is among the men who are considering the non-re-nomination change in the election laws. He has received a copy of the suggested law and thousands of other copies have been sent broadcast throughout the State to Republicans and Democrats alike.

The proposed law reads as follows:  
"An act in relation to the election of Governor of this State and of Mayors of cities of the first class of this State. The people of the State of New York, represented in Senate and Assembly, do enact as follows:  
"At all elections for Governor, or for Mayor of any city having over one million inhabitants, there shall appear on each ballot cast, a separate column or columns next adjacent to the column

of the Republican and Democratic parties.  
"At the head of one of said columns shall appear the name of the Governor of the State, and at the head of the other the name of the Mayor of such city or cities for re-election to the office of Governor or Mayor, or of which he, at the time, is the incumbent.  
"This act shall take effect immediately."

"Through the column reserved for incumbents in office the people will have an opportunity of independently expressing their disapproval," said Mr. Leary, the author of the new plan. "The people claim the right through this proposed act to vote for the man who has proved himself worthy. It is a simple means of checking the politicians, and will enable deserving men to escape being turned down because their policy of conducting office did not meet with the approval of this or that political organization."

### FIRE IN NEGRO ASYLUM.

Twenty Boys March Out Quietly in  
Caretaker's Charge.

There was a small fire to-day—without the accompaniment of a panic—in the two-story frame building at No. 348 Bergen street, Brooklyn, which is used as an annex to the Howard Asylum for Negro Orphans.  
The fire started on the top story in the bedroom of the engineer, which opens into a boy's dormitory. There were about twenty boys of ages ranging from eleven to fourteen in the dormitory. Tiding up the fire, which somebody smelled smoke and, opening the door, found the interior of the single room all ablaze. Minnie Johnson, a caretaker, marched the twenty boys out with no excitement. In the yard, playing, were two hundred negro boys and girls, but they stayed quiet, in the care of their teachers until the firemen came and extinguished the blaze with a trifling loss.

### NORD ALEXIS PENNILESS.

Deposed President of Hayti Expects  
New Revolution to Reseat Him.

On the steamer Prinz Eitel Friedrich, from the West Indies to-day, was Richard Dixon, of Pittsburgh, who called on Nord Alexis, the recently deposed President of Hayti. Nord Alexis is living at present in Orange street, Kingston, Jamaica, and is apparently none too well blessed with money.  
"The old man told me," said Mr. Dixon, "that he did not have any money when he was driven out of Hayti by Gen. Simon. The report that he escaped with \$10,000 was exaggerated, he said, by his enemies. Nord Alexis expects another revolution in a short time which will again place him at the head of affairs in his country."

### Whiskey for Colds

The increased use of whiskey for coughs and colds is causing considerable discussion among the medical fraternity. It is an almost infallible cure when mixed with certain other ingredients and taken properly. The following is the formula:  
To one-half pint of whiskey, add one ounce syrup sarsaparilla and one ounce Tonic compound, which can be procured of any druggist. Take in teaspoonful doses before each meal and before retiring. Immediate results from this treatment are apparent, although it would be a mistake to discontinue its use until the health is fully recovered.

### SETH T. HART FOUND DEAD.

Well Known Travelling Salesman  
Killed by Gas.

Seth T. Hart, one of the best known travelling salesmen in the clothing business, was killed by gas in his room at the Raleigh Hotel, 663 Broadway, this morning.  
Mr. Hart represented the Schmeidler Company, of Philadelphia. He came to New York yesterday and sold many thousands of dollars' worth of goods. On retiring last night he left word to be called at 7:30 o'clock. The hallway who went to his room smelled gas and the room was opened. Mr. Hart was found dead in bed. He had apparently turned the gas off, and then on again accidentally. There was nothing about the room to suggest suicide. Mr. Hart's home was at Wilson, S. C. He was sixty-six years old and was known all over the country for his good looks and his affability.

### CARL LOOSE GUILTY.

The jury in the case of Carl Loose, who was on trial before Judge Foster in General Sessions on a charge of murdering his sixteen-year-old daughter, Meta, and shooting his son, the Rev. Frederick Loose, of Vale, S. D., yesterday brought in a verdict of murder in the first degree. Loose will be sentenced on Feb. 19.

### Are You Fat?

You know you cannot stay fat, don't you? That is, you cannot be fat and be in style. The day when a fat woman was tolerated is passed. Nowadays all women must be in proportion or be ridiculous. This does not mean you should become skinny, however. You should not get below the broad back line. All you ought to lose is the bulky fat that does you no good and that is a well formed and therefore handsome woman.

Now, how can this be done? By exercising and dieting? Yes, and no. These two means will bring some results, but not easily nor soon. One is very hard work, the other is torture. Neither can be depended on to cause a uniform reduction. They may take off a fleshy shoulder, for example, and leave the double chin untouched. What you need, you see, is something pleasant to take that without injury to your health will take the fat off uniformly and quickly, say at the rate of a pound a day or so, until it is all gone where you want it to go.

For this purpose nothing is less expensive, safer or simpler than Marmola Prescription Tablets. Inexpensive because one large dose, costing 25 cents only, will produce results; safe because they cause no wrinkles or stomach trouble, but rather improve the health and complexion, if anything, and simple because they do all the work without asking thought or effort on the part of the taker. In short, they are the ANSWER if you are fat and wish to be thinner. If your druggist is of the better kind and quick, say at the rate of a pound a day or so, until it is all gone where you want it to go.
